## WELCOME TO MARMUM DAIRY

---

Our story began 36 years ago when Marmum first entered the UAE dairy industry to add to the good health of the people by supplying fresh dairy products across the country. We started our operation with just 250 cows from Denmark, a milking parlor with the capacity to produce 2500 litres of milk a day, and 6 vans for distribution.

Over the years, we have grown and aim to deliver the freshest products without compromise, straight from our local farm in Nahel near Al Ain.

In 2017, Marmum Dairy achieved a new milestone and was bought by Elite Agro, a family of leading farming businesses whose mission is to make the UAE self-sufficient in agriculture and enhance the nation's health with best of class nutritious dairy and fruit products. Elite Agro has invested heavily in Marmum's infrastructure, building the GCC's largest and most modern dairy processing plant and farm. We are now growing through innovation and operational excellence and striving to be the chef's preferred choice for both traditional and innovative new nutritious dairy and juice products.

## DISCOVER OUR PROFESSIONAL RANGE

---

We are a team of dedicated individuals who take great care and pride in our work and mission. As farmers, we understand dairy and how freshness, great taste and texture bring your dishes to the next level. Working alongside our customers, we have developed a range of high quality, fit-for-purpose solutions, created specifically for chefs and kitchen professionals in the UAE.

We are passionate about constantly taking Marmum a notch higher every day and we are proud to say:

Made  
with  
*Love*
